

Anytown, USA High School<sup>1</sup>  
2005-06 School-wide Learning and Action Plan

<b>Goals/Objectives</b> (What problems do you see in the data? What aspects of student results do you want to change in a positive way?)	<b>Strategies</b> (What general directions do you choose to attack the problem, or to achieve the goal? You could choose several strategies per objective)	<b>Activities</b> (Specific things to be done, mainly in department/colleague meetings which are part of your attack on the problem, or your march toward the objective – include person responsible and date)	<b>Learning</b> (What do we need to learn to be successful in attacking the problem? How will we learn?)	<b>Evidence of success</b> (Must refer back to goal; can be data based or observable. How will you know how well you have done along the way?)
<p><b>1. Improve student achievement in each content area</b></p> <p><b>2. Close the achievement gap among subgroups of students.</b></p> <p><b>3. Build a positive culture of trust and collaboration to improve student achievement.</b></p>
